

FILM EDUCATION

FROM FRAMEWORK TO IMPACT

Saturday October 10th

14.00-15.00(EET)

"Digital study guides of films"

The digital study guides of films created by Neaniko Plano are a practical tool for teachers to use in the class. The guides take under consideration the challenges that the educational system faces and hope to give life and depth to the analysis of films at school.

In the workshop the educator takes the role of a teacher and simulates the application of the digital guides in a class.

Design-Implementation:

Pantelis Panteloglou, Deputy Artistic Director of
